Tragedy occurred today in College Station, Texas when a Cessna 152 piloted by two Texas A and M graduate students crashed into a cemetery on their final approach to the College Station airport.

At last report over three hundred bodies had been recovered by Texas A and M's crack search and rescue team.

A spokesperson for the rescue team indicated that recovery efforts would continue through the night.

This reporter was impressed that the two students from the downed aircraft were aiding in recovery efforts.

The Florida Flying Gators Fly-in and pancake Breakfast was a smash. Our intrepid Chapter Catering Corps, served a large number of Pancake and Sausage eaters. There were quite a number of aircraft fly-ins, including a 1936 Cabin Waco. The Flying contests were enjoyed by all.
