

June 2012

Our meeting May 26 with Arnold Holmes giving great and useful information. He talked and demonstrated the two main types of aircraft spark plugs, showed how to time magnetos and explained aircraft fuel injection systems.

Our June meeting is scheduled for Saturday the 30th of June. We will have a short business meeting and then go to Don Kosmin's Hangar to view his RV project after that all those interested can tour our proposed new home (Hangar).

FYI

Our chapter website is now located at: WWW.534.eachapter.org

Our leader was kind enough to locate a Hangar for a visiting EAAer from Oregon.

Arnold Welcoming fellow EAAer

Arnold Holmes has donated a giant 4x8 heavy duty workbench and also a very nice 5 hp 60 Gallon air compressor to get things going in our new Hangar. Great Going Arnold
